

Services for Schools

The Paoli Public Library offers a wide variety of services for schools. Start by **connecting with your Library Liaison**, which is the Children's Librarian at the Paoli Public Library. Your Library Liaison can answer questions about library services and make school visits. Call 1.812.723.3841 or [email them directly](#). **Please contact us at least one week in advance for planning and arrangements.**

- Library Outreach Services

The Paoli Public Library makes strides each year to promote literacy and create greater awareness of the services we offer. We reach out to our community through storytelling, book talks, and other special events. Invite the library to your community event!

- Storytelling

Our professional storytellers are available *free of charge* to make school visits for groups of students. They combine songs, stories, and popular books in fun sessions for all ages.

- Book Talks

Our staff conduct entertaining, interactive book talk sessions that will entice students to explore the books on their own.

- Field Trips to the Library

A field trip to the library is a great way to celebrate literacy any time of year. The Paoli Public Library offers several programs for your school to choose from including library tours, storytimes, database classes, and family nights. Tours are available by special arrangement. The best part is all library field trip services are free of charge.
